HAWTHORNE HIGH SCHOOL LIBRARY

A black and white photograph of a pond. The foreground is filled with lily pads floating on the water. In the background, there is a dense thicket of trees and bushes. A small, dark structure, possibly a mill, is visible through the foliage in the distance. The overall scene is a peaceful, natural setting.

All quotes from naturalist Henry David Thoreau

Every day a new picture is painted and framed, held up for half an hour,
in such lights as the Great Artist chooses, and then withdrawn,
and the curtain falls.
And then the sun goes down, and long the afterglow gives light.
And then the damask curtains glow along the western window.
And now the first star is lit, and I go home.

Príncípal's Message

In this year of concern about the breakdown of our environment and civilization, I feel it appropriate that this year's yearbook theme deals with ecology. The saying that cleaning up the planet begins at home is true. Without a spiritual ecology or empathy for each individual, what good is our Earth, clean or dirty? It is in this sense—associating with students and school personnel—that I find at Hawthorne High a viable, positive atmosphere. For what is our school without people? And what is the value of our time spent here if we do not react to each individual? Our school is the sum of 2500 people, but that sum has no greater worth than any one person. When we work together, as we have done, we form a small community without losing sight of each face. Human ecology is broader than that kind found in headlines, but it is the type that raises the spirit of our mini-community here at Hawthorne High School, and which eventually will eliminate the physical pollution that plagues us. I thank all students for making this start true. And to the graduates of 1972, I wish a livable world with livable people. I know you will help make this possible.

The busiest place on campus is the main office. The home of the eight hardest working people around school. The counselors are very busy with many duties waiting to be performed. From making out programs to worrying about truants, the counselors learn to know their students. Even though at the beginning of each semester we may rush in to see them about a program change and are bluntly refused, the counselors usually make themselves available to help us with our problems and do whatever possible to solve them. Counselors are also responsible in helping students decide on their futures. Whether it be school or job.

Next year each and every one of us should try our hardest to make our counselors job a little easier.

Our English Department

The largest department at school is the English department. It has twenty-three members, who spend many hours trying to give the students the ability to express themselves. And to give us a taste of the great arts of history through literature, music, sculpture and art. English is one of the few subjects which students are required to take for four years. As freshmen and sophomores students have no choice as to the English classes they are to take. They are given a writing class for one semester and a literature class for the other. However when one is a junior he is given a complete list of electives to choose from. Some of the choices include Modern Media, World Literature, Forum, Humanities, Popular Readings, and many more. One restriction is put on students. Before graduation each student must take either American Readings or American Literature for one semester and a Composition class for another.

Like many other departments, English has its honors classes. These classes are designed for the intelligently gifted child and there is usually one class for each grade level.

Under the direction of Mr. William Goodfellow, our school has a seminar for the gifted seniors. This class is held in the afternoon taking the place of one's English and Government classes.

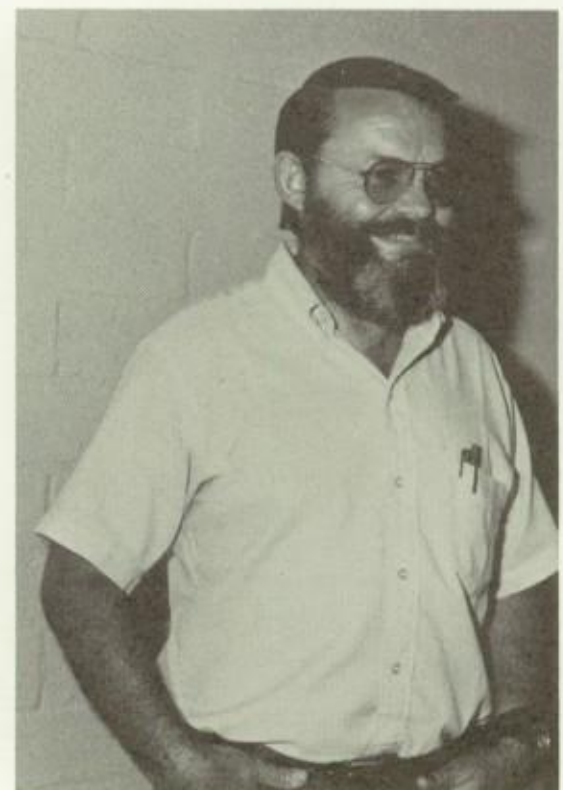

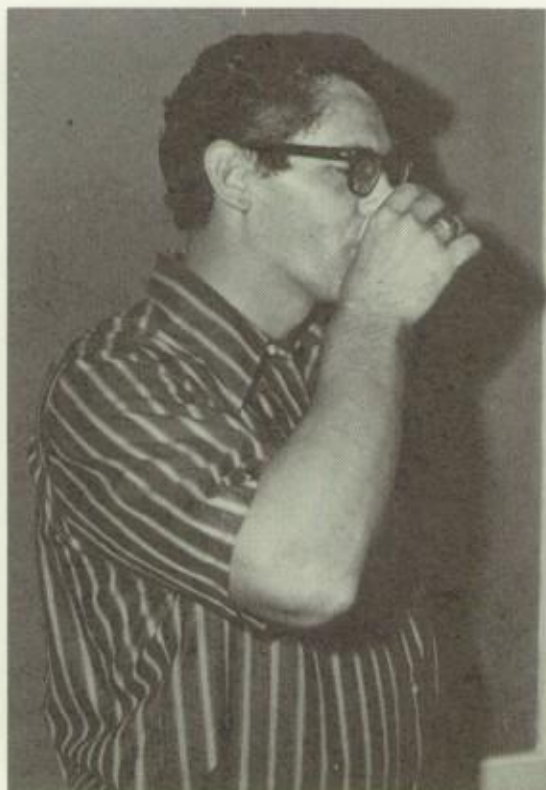

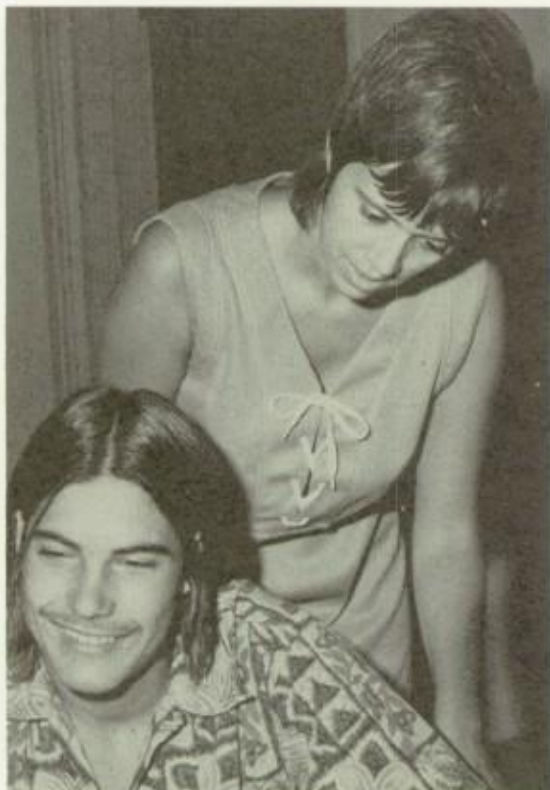

The English department has other special classes, one of which is the Cougar Staff. Advanced Journalism students are eligible for the staff. Mrs. Kondelia Krislock is sponsor of this group and is responsible in seeing that we have a weekly newspaper. Another similar activity is the El Molino Staff, under the direction of Mr. Robert Atkins. It is open to Juniors and Seniors who pass an interview by the previous staff.

Different from the rest, and a large part of Hawthorne's campus, is the Drama department. They are the ones who are responsible for our annual plays under the direction of Mr. Benedict Fix.

This department is full of places to excel in and hopefully all of Hawthorne's students will take advantage of it.

Pictured above is (top) Mr. Kirkpatrick, head of the English department. (Below) Mr. Goodfellow, Scholarship Advisor. Below are the sponsors of the extra school activities. Left to right, Mrs. Krislock, Cougar Sponsor, Mr. Atkins, El Molino and Mr. Fix, head of the drama department.

Music Department

Mr. Russell Wing (Head)

Most of Hawthorne High's talent can be traced to the music department. Mr. Wing and Mr. DeLao take an active part in the accomplishments of their groups. The chorus stages many exciting events each year. A lot of work is put into the Christmas Concert for the enjoyment of others. Not enough credit is given to the people who deserve it most. Mr. DeLao focuses his interests to the Hawthorne High School Marching Band. All of our great exciting half time shows are a product of Mr. DeLao. The students who wish to participate, work hard for it and it is greatly appreciated. To complete the list of classes in this department, Piano and Music writing finish the list. This way others on campus are given a chance to show their natural talents. A visitor on campus just might happen to walk by one of the rooms and find their ears filled with the pleasant melodies of our Music department.

Mr. Alex DeLao

What is the Formula for success?

$$2 + 2 = 4$$

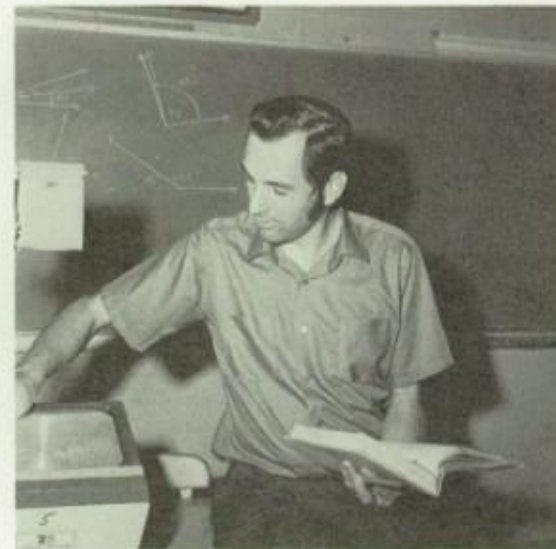

One of the departments on campus which is visited at least once by all students at Hawthorne is the math department, under the direction of its head, Mr. John Ashley. It offers a variety of courses designed to accomodate all levels of intelligence. All college bound students are required to complete the courses of Algebra and Geometry which are now using text books written by two of the department members, Mr. John Ashley and Mr. Elvis Harvey. Hawthorne is proud of its Math Department and the superb way in which it gives our students the information necessary to advance in to the higher forms of education to prove the departments fine work we now have the new Algebra program which was put into effect a few years ago. Now students may use three semesters to complete the regular course. This enables students to take longer to grasp the ideas taught in this difficult class. Another important point is the wide range of courses offered to our students. Starting with Basic Math, or Math D and continuing up the ladder to Math Analysis the classes are divided among our students. Like many other departments this one also has an honors program. In order to accomodate the gifted students the teachers must really apply themselves in order to keep the students challenged. We would like to thank all of these teachers for their hard work.

Which is the best man to deal with - he who knows nothing about a subject, and, what is extremely rare, knows that he knows nothing, or he who really knows something about it, but thinks that he knows all?"

Thoreau

New electives were added this year to the Social Studies department. California History, History of Aerospace, History of Russia and Current Affairs. These new courses were joined by a familiar face who returned to Hawthorne this year: Mr. Minami who left in 1969 to serve with Uncle Sam.

Mr. Lowell Haueter

Mrs. Jeanette Jensen

Mrs. Colleen Johnson

Mr. John Brown, the head of the Social Studies program, has worked hard through the years to make changes come to life and make the history classes more interesting for all the students here. One of these changes was to update the current history classes. World History is now called World Studies and U.S. History is now called American Studies.

The whole staff in this department does a fine job and each year they turn out students with more awareness and concern for today's happenings.

Teaching us the necessities of a Mechanical Society

As one of the only girls in the Industrial Arts Department. She puts her time to good use as she writes love letters straight from the heart.

The Industrial Arts Department

Our Industrial Arts is helpful in preparing our students for later life. The many facets of this department range from photography, which is helpful to both Cougar Staff and El Molino, to our auto shop where students are busy over hauling the cars of parents and teachers. The head of the department, Mr. Graves, the wood shop teacher along with the other members of the staff are helpful in teaching us all the shops which include; Auto, Electric, Wood, and Metal. Others include the shops of Drafting and Printing. Under the direction of Mr. Anderson, the print shop is responsible for the out put of our weekly newspaper, which is first prepared by the Cougar Staff. The shop classes vary from the beginning, which are open to the majority, to advanced which have special requirements for entrance. Next year everyone should make it a point to visit one of the various shops which are now being held in building Fifteen.

Business Anyone???

Mr. William Fetherston

The electives available to the students here at Hawthorne involve many different departments. Three of these are pictured below. Business Education is a busy department teaching the students some of the secretarial arts. Shorthand and typing are among the most prevalent. Business Law and Secretarial Practice are also available in this section.

The art department is an exciting place. Including Ceramics and Crafts, the inbred talents of our students are brought to light. They are exhibited once a year at the annual Art Exhibit.

For the females on campus we have the Home Ec. department. Although to the surprise of all some males are enrolled in the foods classes. As a whole the three departments inspire the talents of our student body.

The Compound of Our School

If one were to focus his eyes on the only two-story building on campus, he would find himself in the middle of the Science Department. Inside this odd shaped building the Students at Hawthorne are making their earth shattering discoveries. All New Freshmen entering this department are encountered with two of our courses. They are faced with either Life or Physical Science As they continue their studies the next step is Biology. In this course they study the Biological Science of living things. The next step is for the college bound student. This is the Lab Science in Chemistry. The many hours of studying and sweating pay off when the students have finally completed their requirements. Then of course there are the over ambitious students who plunge into Physics. Mr. Andrade and the entire Science Staff are doing a good job in educating their students.

Pictured above is Mr. John Andrade, Head of the Science department. This departmennt is always a busy place full of intelligent minds cutting through difficult problems.

Our Helping Hands in the Special Education Department

One of the seldom heard about departments on campus is the Special Education Department. Although it doesn't reach all of our students, the ones which are involved in its programs seem to profit greatly. It deals with students with many special problems. Some of them are emotional and some of them physical, whatever the case, this department meets and handles all problems with ease. If

one were to visit one of its classes it might seem a little out of the ordinary but the competence of the department members have the situations benefitting everyone the most. Under the leadership of Mr. David Brown this department is growing and making itself available to help more of Hawthorne's students.

If one were to travel around the world he would find most of the countries would treat him with great amounts of hospitality, however one problem would be the Language Barrier. The Foreign language department is here ready to help prepare us for later life. Under the leadership of Mr. Robert Grahmer, the members of this department spend their time teaching four different languages. A student has the choice of one of these four, German, French, Latin, or Spanish. In all languages they have courses that will last through ones entire stay on this campus. Hopefully this training will someday come in handy when the students travel abroad. That way we will be able to feel comfortable in all parts of the world.

Friends! that parting tear reserve it, tho' 'tis doubly dear to me! Could I think I did deserve it, how much happier would I be.

Henry David Thoreau

Mrs. Allen worked in our attendance office for nineteen years and was a secretary for Mr. Nelson for 17 years. Her last two years here she worked as Mr. Hamilton's secretary. The students who didn't know her were missing a lot of warm and friendly smiles. Administrators, teachers, counselors and secretaries along with many other people contributed to a scholarship fund in Mrs. Allen's honor. She is someone who will be truly missed.

A Tribute to Mrs. Marguerite Allen

Nature doth thus kindly heal every wound. By the mediation of a thousand little mosses and fungi, the most unsightly objects become radiant of beauty. There seem to be two sides to this world, presented us at different times, as we see things in growth or dissolution, in life or death. For seen with the eye of the poet, as God sees them, all things are alive and beautiful; but seen with the historical eye, or eye of the memory, they are dead and offensive. If we see Nature as pausing, immediately all mortifies and decays; but seen as progressing, she is beautiful.

A Tribute to Brigitte Armbrust

"I came into this world, not chiefly to make this a good place to live in, but to live in it, be it good or bad. A man has not everything to do, but something; and because he can not do everything it is not necessary that he should do something wrong."

—Thoreau

Brigitte Armbrust, Victory Queen for 1971-1972. She has been on the Pep Squad for three years and won the honor of being Sophomore Sweetheart. She has contributed much to our school and our spirit. Brigitte has given of herself all that she can, so others may benefit from it. To our lively, spirited and helpful Victory Queen—We say Thank-You.

Thoreau said, "There is a part of us which is not represented." The H.H.S. Mascot, Susie Deno, completes the missing part of our pep squad by representing the Cougars and the spirit they have.

Organizations

"The language of friendship is not words but meanings. It is an intelligence above language." —Thoreau

As life goes on for us, we will acquire new friends and leave some behind. With some we will have established close relationships; with others we will never have gotten a chance to know each others minds. But no matter where we go in life; the essence of the memories of friendship will linger on. Time passes swiftly with its extra duties, so that we often neglect to take time out to enjoy our surroundings. Our campus organizations offer time to be part of a project, part of a fellowship, part of a bond-of friendship.

A must for tired feet!

"Every man is the builder of a temple, called his body, to the God he worships, after a style purely his own, nor can he get off by hammering marble instead. We are all sculptors and painters, and our own material is our own flesh, blood and bones." - Thoreau

The 1972 Wrestling Club is strongly supported by a group of females called the "Matcats". This year's Matcat President is Larleen Myers, and V. President is Cheryl Peterson. The Varsity and Jr. Varsity Scorekeepers are taught the basics of wrestling so that they can attend all the tournaments and keep score. The Matcats put a lot of time into this activity and the boys appreciate their spirit.

On September 13, 1954 baby Perry Cohen arrived. Little did he know that in seventeen years he would be the editor of the Hawthorne High School El Molino.

During the years he was growing up, baby Perry had to be tied to his bed at night because he had a tendency to wander. But he got wise and learned to untie himself and wandered mainly to the television set.

His wanderings led him to Hawthorne High and the famous production room of the El Molino. He became editor by working long hard hours to put the book into print. But his wandering spirit is still with him and from time to time the staff has to tie him to the editors chair when he starts to head for the door with that gleam in his eyes.

Under the guidance of the wandering editor, seen on the preceeding page, the El Molino Staff of 1971-72 wanted to show the real thing in this yearbook, and what could be more real than seeing the staff as they really were - or are (whichever the case may be.).

First there is "Quick Draw" Dori Juif. Nobody messes with her! Next is Bob "Hammy" Abraham. He's always ready for an audience. The evil one of the group is "Sexy Sadie" Lila Di Tomasso. How about those legs boys! There always has to be a loud mouth and Patti "Va-Voom" Allen fills that spot. The shy and quiet one is Carol "Timid" Bernal who catches everyone's attention in this noisy world because she is so quiet. Kay "I'll do anything once" Downing only does one thing more than once and that is mouthing off to the editor. Always on wheels in Don "Pedal Pusher" Hergert. Instead of shoes he wears rollerskates. Baby of the year award goes to Dave "dimples" Purchase. He is the only baby with dimples in his chin. Last but certainly not least is the advisor to the El Molino Staff, Robert "Dirty Ole Man" Atkins. He is the staff's greatest influence and without him this book would be more spicy.

Our Senior Service clubs, Knights and Diaconians, have spent much of their time ushering at home football and basketball games besides their social activities. They have participated in assemblies and helped at car washes. The 14th of February will be remembered for the super-duper valentines sung to the students and teachers by the Diaconians. The Knights organized the pizza feed and a new dinner, the Taco Scarf. The student body would like to thank these clubs for their time spent in making our activities a success.

Under the direction of Mrs. Cheryl Marcheselli, the Hawthorne High 1971 Drill Team devoted many summer hours for learning new routines and preparing for fall parades. The Drill Team traveled north to Selma for the Selma Band Festival Parade, capturing 3rd place. During the winter months, they took 2nd place in the Inglewood Invitational Holidays Parade. During football and basketball season, the Drill Team performed at all home games. After a hard working year, drill team members and their parents met for the Drill Team Awards banquet. A "Most Outstanding Senior Award" was given as a memorial to Phyllis Smith.

Christmas Queen 1971: Bonnie Walker

Bonnie Walker was chosen Christmas Queen of 1971. She was introduced at the Christmas assembly after she rode in with Santa in a sleigh. Substituting as reindeer was the pep squad.

The Modern Dance Workshop performed a Christmas dance and the drill team presented a routine, dressed in nightgowns. Pep squad formed the words Merry Christmas and gave happy holiday wishes to everyone.

Our A.F.S. student, Jani, was given a ski muffler and hat from the student body.

Everyone was looking forward to the vacation and Christmas coming.

The HHS 1971-1972 Drama Classes presented *Everyman* as their fall play. It is a morality play based on whether or not everyman, played by Gary Warnecke, is as good as he thinks. Everyman comes face to face with many of the qualities he lives with, such as Death, Don Yarbrough, Fellowship, Melony Dickens, Good, Ray Castillo, Good Deeds, Lani Schneider, Strength, Matt Peterson, and Cousin, Randy Cox. Other qualities are Debbie Hillard as Descretion, Lois Kinslow as Five Wits, Lizette Ellenberger as Beauty, Liz Joba as Knowledge and Sher Faulkner as Kindred. Beth Whitlock is Confession, Karen Stolz is the Angel, and Jim Karlock is the Messenger. Chris Huerta plays the part of God.

The Cougar Writes ON

This year's Cougar begins a new look for Hawthorne High. Ho-hum editorials are changing to controversial subjects and the minds of Hawthorne are moving. Beth Whitlock, Editor-In-Chief, has the assistance of two good News Editors, Alan Forbess and Brad Graverson. Editorialists-Jess McCann and Steve Nill catch all the current news with Joan Dunklau and Felix Martin, the Feature Editors. Contributing Editor, Jim Karlock, gets together with Gary Warnecke, entertainment news writer. Drawing the cartoon capers, Art Editor, Bill Konopka teams with Melanie Cooper, Fine Arts Editor. Heading the Business Department, Mary Ramierze teams with Linda Carroll who takes care of the typing chores. Steve Thompson, Tim Long, and Dave Galemore-photographers work with Steve Cooper, Bruce Gerke, Bruce Locke, Mark Ponedal, Elaine Schoonover and Steve Schutze as Staff Writers. Cougar Advisor, Konnie Krislock, helps them through their bad weeks and oversees the whole troop. Helping the cougar, Mr. Paul Anderson and print shop sees that the Cougar makes the Friday deadline.

"The indescribable innocence and beneficence of nature-of sun and wind and rain, of summer and winter-such health, such cheer they afford forever! and such sympathy have they ever with our race, that all Nature would be affected, and the sun's brightness fade, and the winds would sigh humanely, and the clouds rain tears, and the woods shed their leaves and put on mourning in midsummer, if any man should ever for a just cause grieve."

The 1971-72 season has proven to be a very busy and successful one for the Hawthorne High School "Cougars" Band under the direction of Mr. Alexander M. DeLao. Activities started with summer evening practices to devote time to marching fundamentals. Fall activities included a parade in Lomita, marching in the rain at Buena Park, placing 2nd at the Inglewood Christmas Parade, traveling north to compete in the Selma Band Festival as well as marching in the Hawthorne Band Review. The highlight of the Fall Activities was the acceptance of the Concert Band into the Hawaiian Festival of Music held in Honolulu. Costs proved to be prohibitive, so the trip could not be made. The fact that we were chosen, however, means that our Concert Band is ranked among the top twelve bands in the nation.

"Let us spend one day as deliberately as Nature, and not be thrown off the track by every nutshell and mosquito's wing that falls on the rails . . . Let us settle ourselves, and work and wedge our feet downward through the mud and slush of opinion, and prejudice, and tradition, and delusion, and appearance that covers the globe . . . By closing the eyes and slumbering and consenting to be deceived by shows, men establish and confirm their daily life of routine and habit everywhere, which still is built on purely illusory foundations . . . And we are enabled to apprehend at all what is sublime and noble only by the perpetual instilling and drenching of the reality that surrounds us."

The Past Rolls Into The Present . . . And It's All Over For The Class of 72.

This page is dedicated to all the seniors. The 1971-72 El Molino staff has tried to give you, the senior something to look back on—something that brings good memories and good times. Each one of you should be able to remember one thing that was happy. Four years makes up a lot of bad times and a lot of good times, but if your times were mostly bad an important part of your life is lost.

Every day of our life should be lived to its fullest and we should be aware of every day we live. In the words of Thoreau, "Only the day dawns to which we are awake. There is more day to dawn."

Robert Atkins

It seems natural that rocks which have lain under the heavens so long should be gray, as it were an intermediate color between the heavens and the earth. The air is the thin paint in which they have been dipped and brushed with the wind. Water, which is more fluid and like the sky in its nature, is still more like it in color. Time will make the most discordant materials harmonize

Each new year is a surprise to us. We find that we had virtually forgotten the note of each bird, and when we hear it again it is remembered like a dream, reminding us of a previous state of existence. How happens it that the associations it awakens are always pleasing, never saddening; reminiscences of our sanest hours? The voice of nature is always encouraging.

Children, who play life, discern its true laws and relations more clearly than men, who fail to live it worthily, but who think that they are wiser by experiences, that is, by failure.
... Thoreau

Nature Lovers Paul and Wayne Atkins

... we are earnest to explore
and learn all things, we require that all things be mysterious and
unexplorable, that land and sea be infinitely wild, unsurveyed
and unfathomed by us because unfathomable. We can never have enough
of nature. We need to witness our own limits transgressed, and some life
pasturing freely where we never wander.

I know what I am. I know that another is who knows more than I, who takes an interest in me, whose creature, and yet whose kindred in one sense am I. I know that the enterprise is worthy. I know that things work well. I have heard no bad news . . . We know not yet what we have done, still less what we are doing. Wait till evening and other parts of our day's work will shine than we had thought at noon, and we shall discover the real purpose of our toil.

Pictured below are two of Hawthorne's
boy-watchers.

Going to class isn't so dull when you have
someone beside you . . .

We must have infinite faith in

each other.

If we have not, we must never let it leak out
that we have not . . .

When I hear a grown man or woman say,

"Once I had faith in men, now I have not",

I am inclined to ask,

"Who are you whom the world has disappointed?

Have not you rather disappointed the world?"

There is the same ground for faith now

that there ever was:

It needs only a little love in you

who complain so to ground it on."

The mason asks but a narrow shelf to

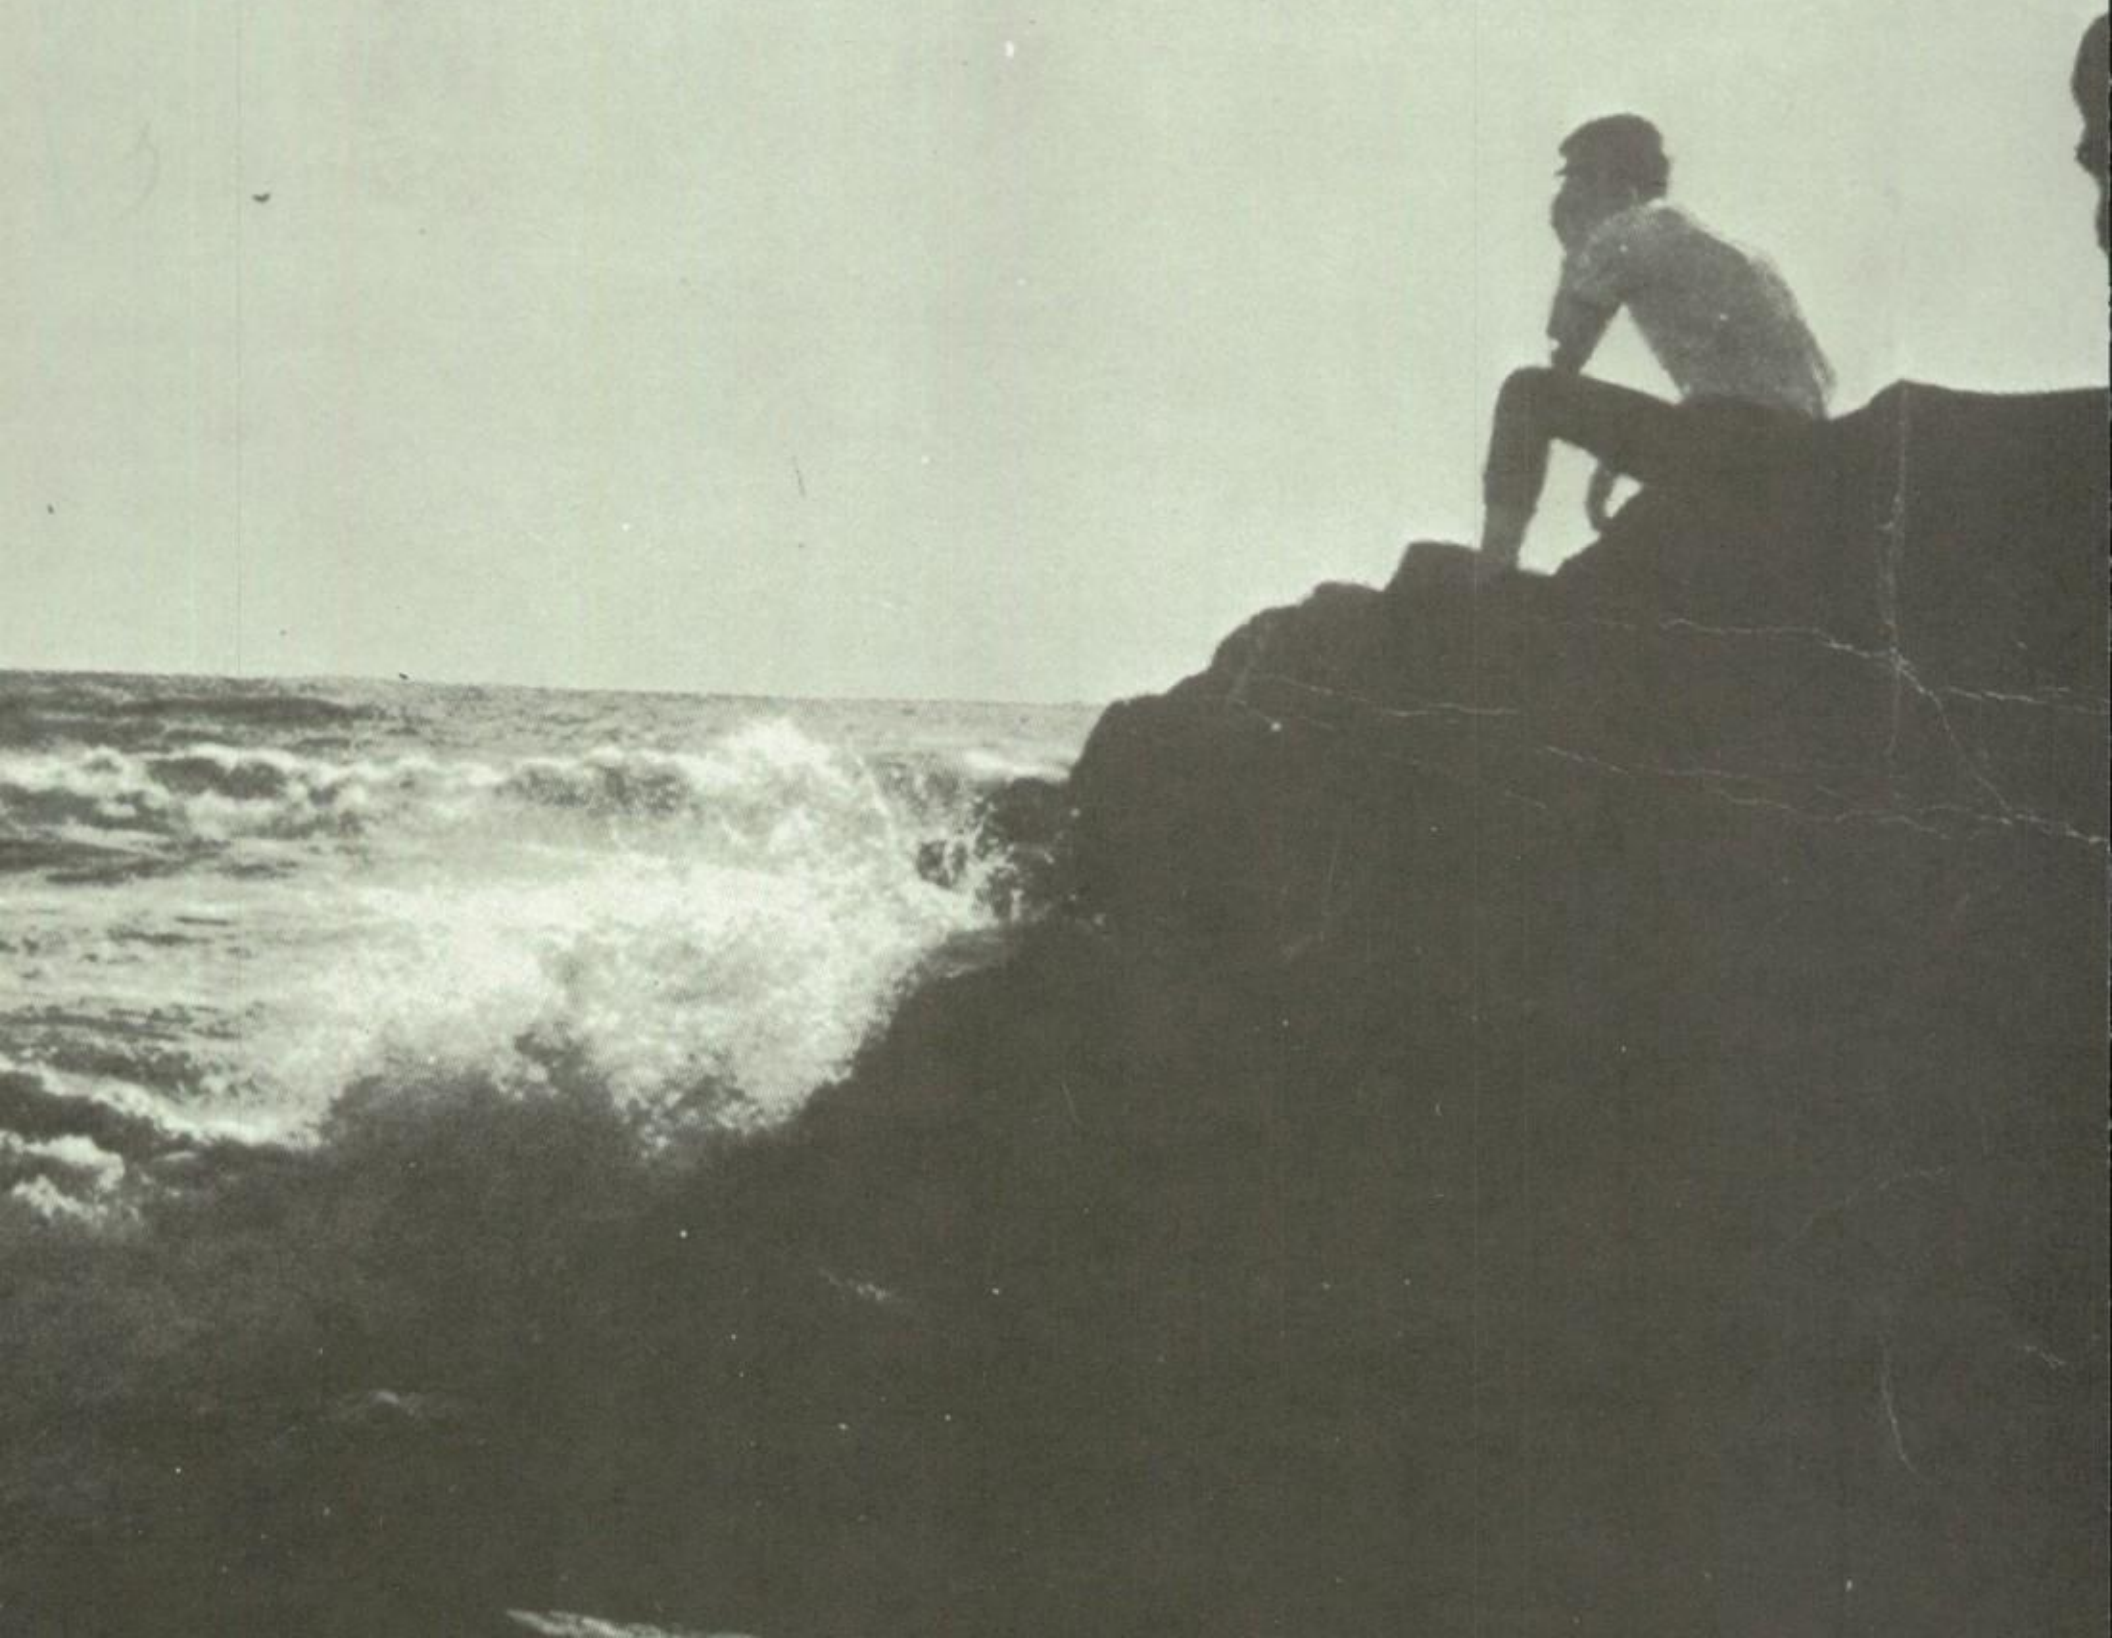

spring its brick from;

man requires only an infinitely narrower one

to spring the arch of faith from.

If a man does not keep pace
with his companions, perhaps it is because
he hears a different drummer.
Let him step to the music which he hears,
however measured or far away.

Henry David Thoreau

This is going to be one of those days!!!

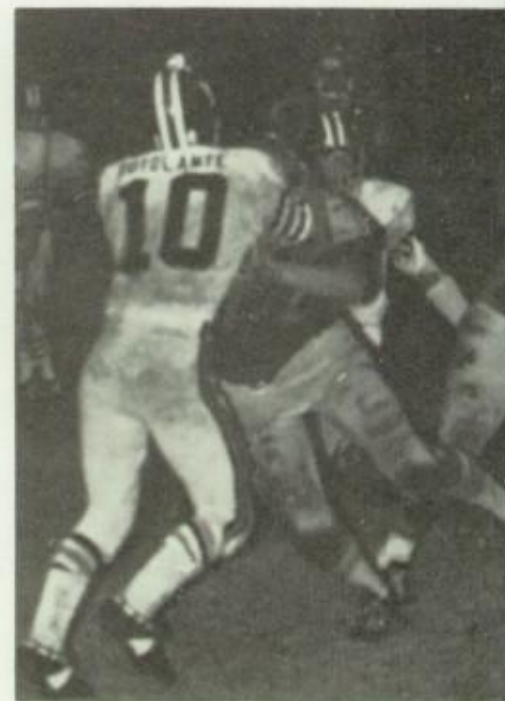

Ah, if I could put into words that music which I hear; that music which can bring tears to the eyes of marble statues!—to which the very muscles of men are obedient!

—Thoreau

Cougars Win Ocean League Title go to C.I.F. Playoffs

This year, the Cougars were a team everybody at Hawthorne High was proud of. For the first time since 1964, Hawthorne High Cougars brought home the title of being the Ocean League Champions. It looked bleak for a while, with the Cougars losing their first four pre-season games. But under the coaching of Otto Plum and his assistants, the Cougars went on for a five game winning streak. This eventually opened the door to the first C.I.F. playoff game. On Friday, November 26, nineteen hundred and seventy-one, the Cougars met the enemy, Crespi. With a heartbreak fumble, and an interception which Crespi took advantage of, they forged ahead to beat the Cougars 24 20.

Even though the Cougars were defeated, they still retain the title as Ocean League Champs.

An overwhelming amount of support was given to our team by the Hawthorne High School Student Body.

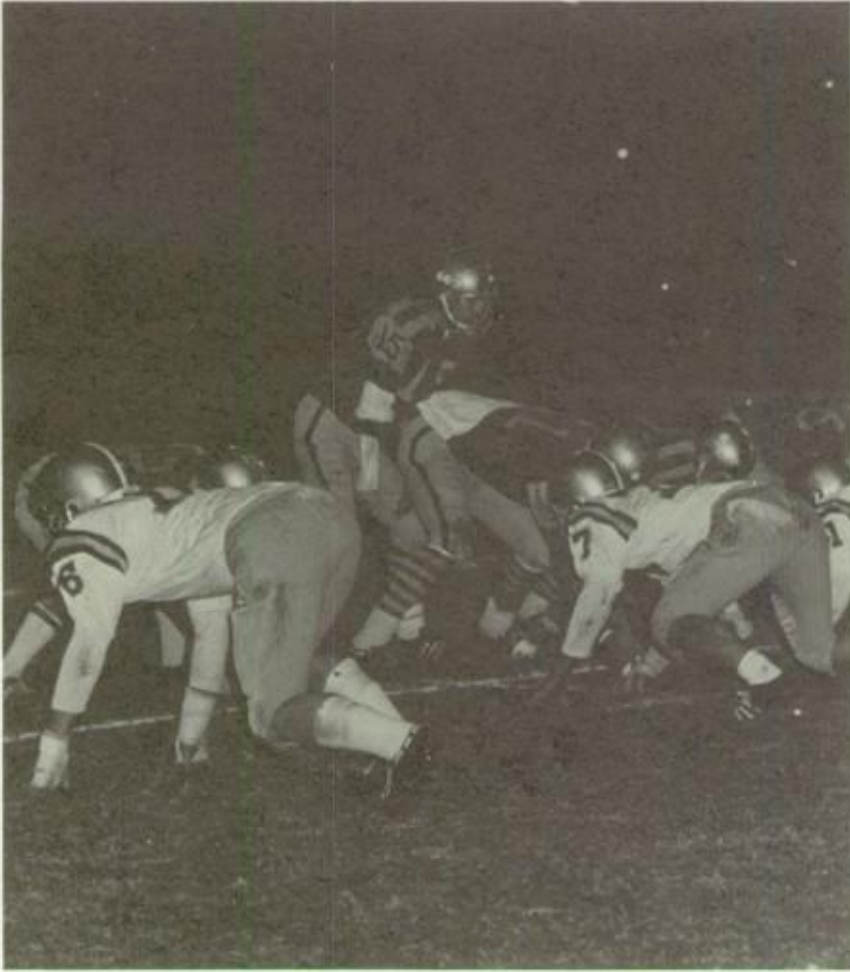

Thank you Cougars for your many hours of hard work and the glorious victories you gave us.

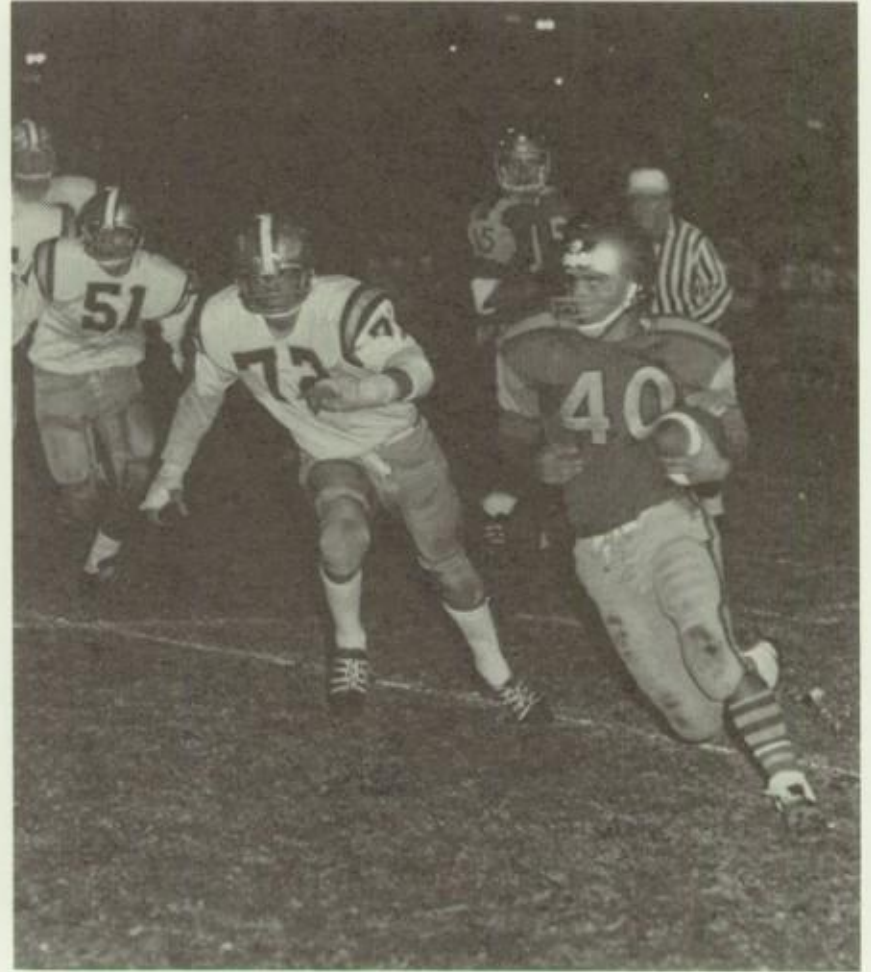

Students who supported every one of Hawthornes football games.

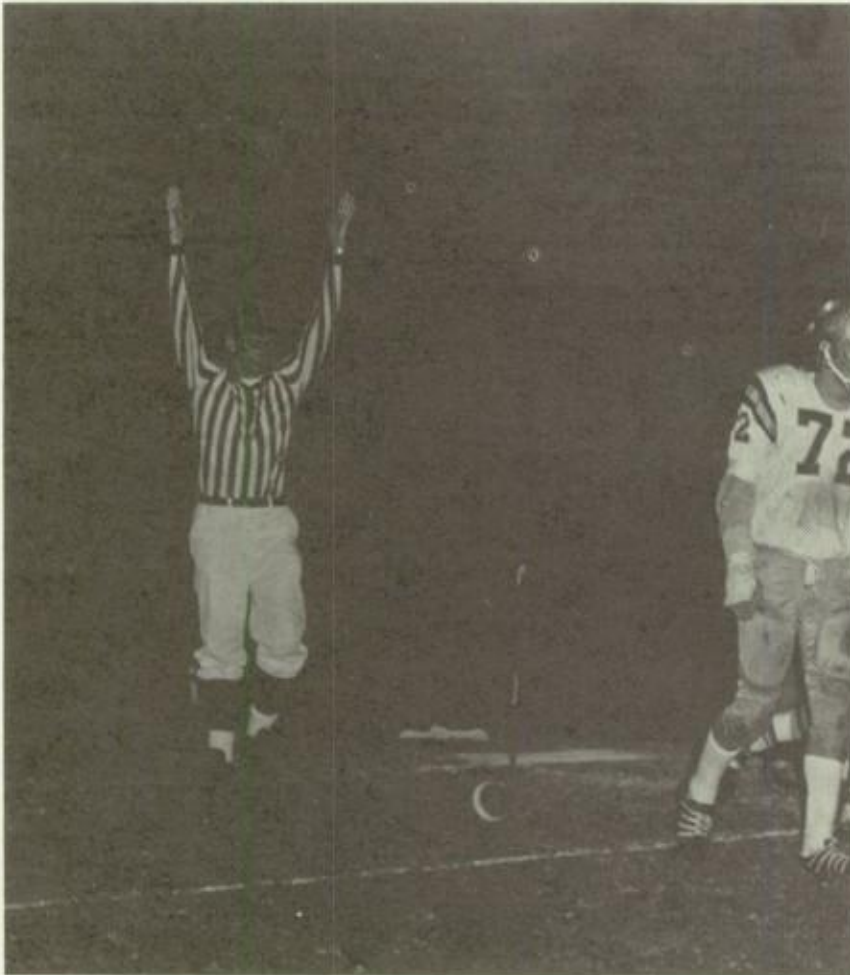

The final scoreboard of the season, sometimes hard work isn't enough.

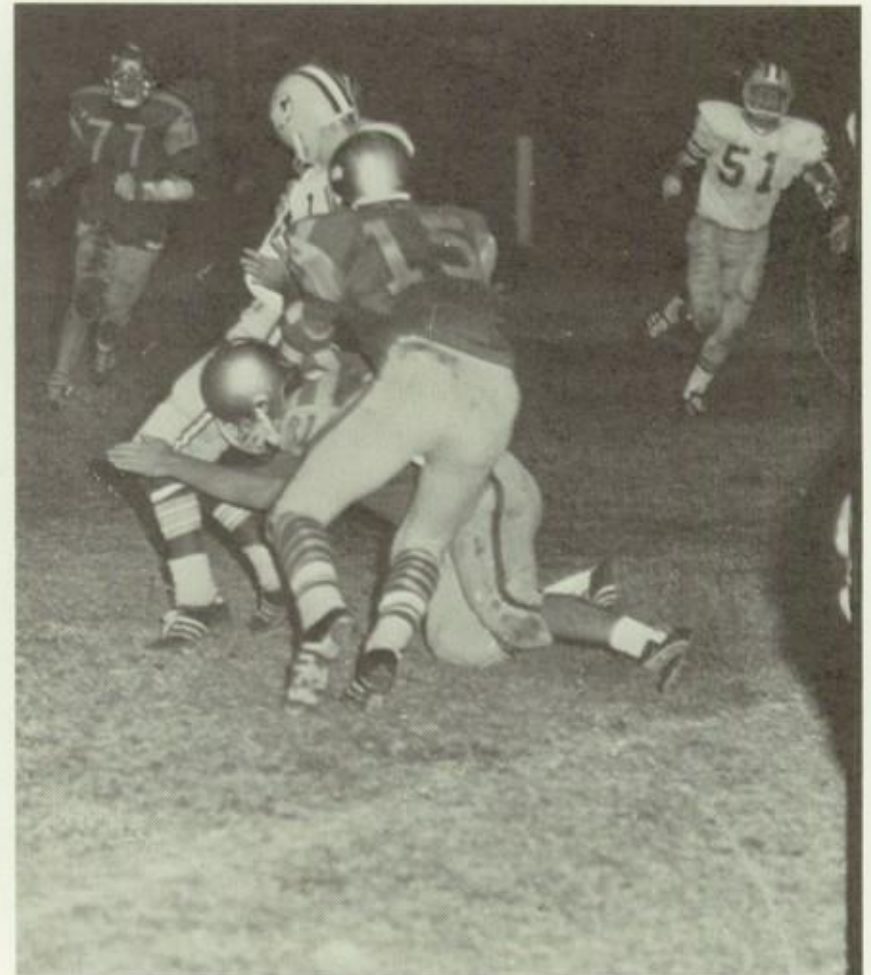

Mike Bell calls out the signals for another hard driving play.

Tom Chadwick has the ball and he's trying for a T.D.

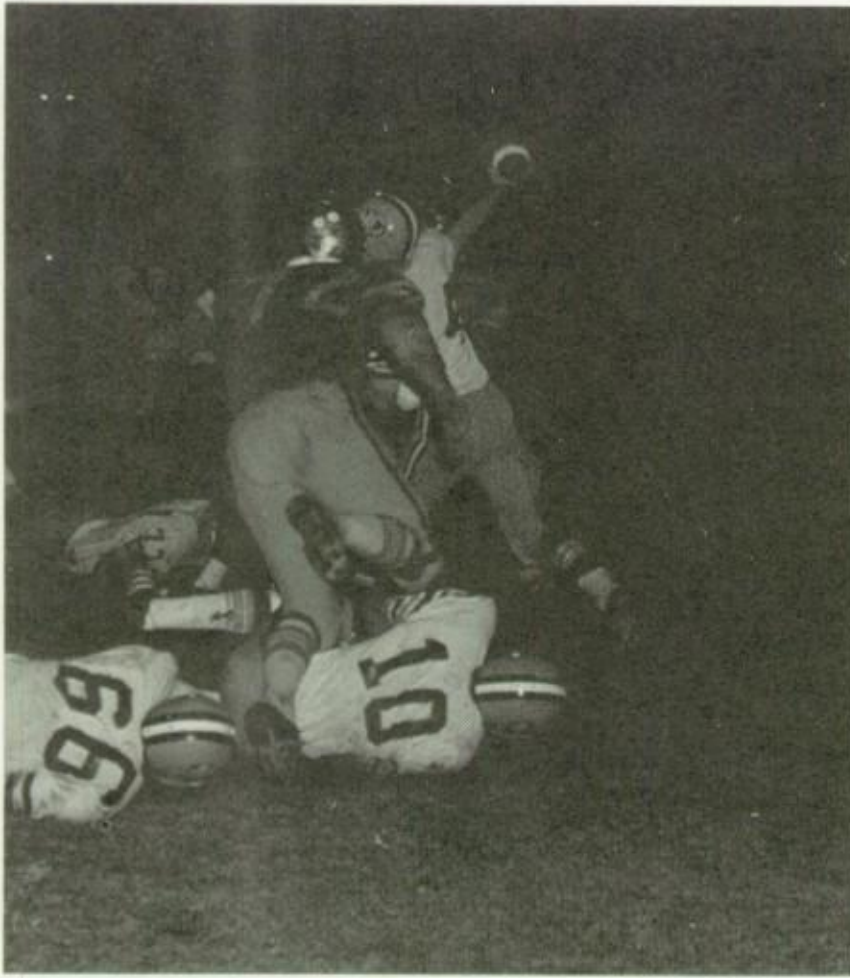

The students saw the ref make this gesture many times. Its a sign like that which gave our team victory.

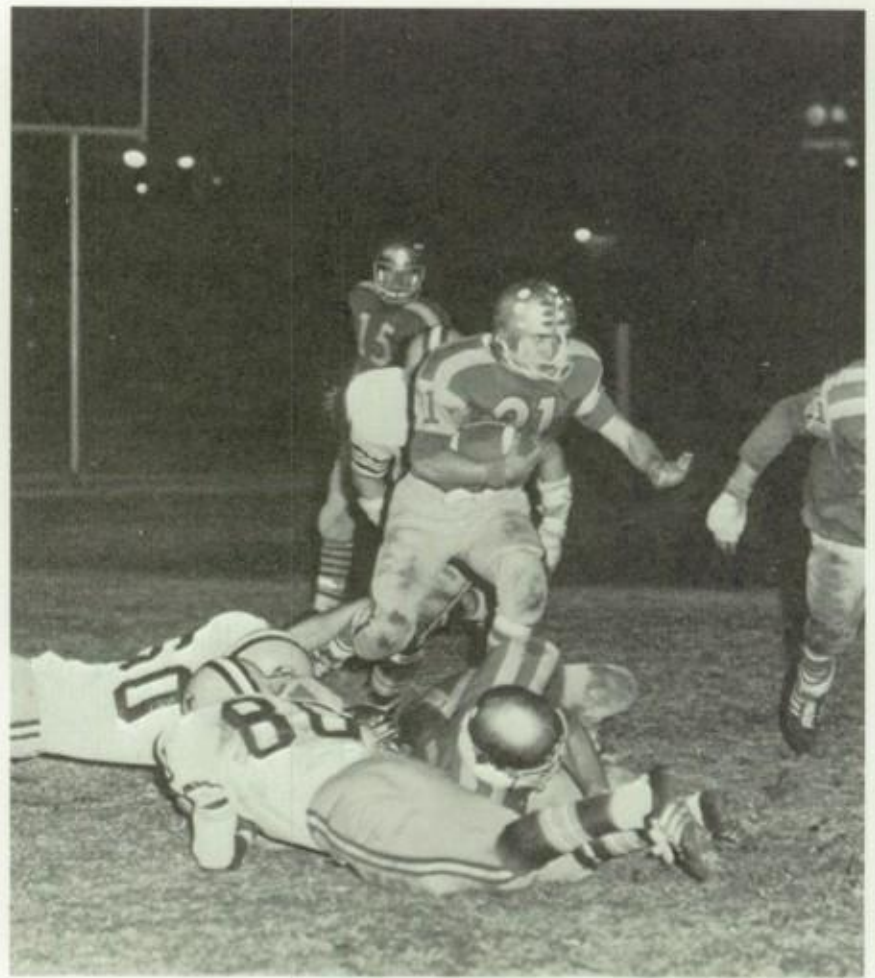

Mike Bell and Nick Colet bring down a Mira Costa man with bulldozing force.

Even though there are road hazards John Allen is still doing his job.

A path cleared by John Allen, Howse tries to make a few yards.

Howse again trying to gain a few yards, with great blocking being done by Tim Powers.

This time Howse, with the Hawthorne men far behind, he can't get through the defense.

Games are won, games are lost,
but the afterthoughts of them linger on
in the minds of many.

McCarthy and Gardner go to C.I.F. Pre-lims - McCarthy Continues on to Finals

The 1971-72 cross country team was spirited by two top runners: Kevin Mc Carthy and Keith Gardner, both varsity men. They both took places in every meet. Kevin went on to C.I.F. and took 5th place there.

Guy Lefebvre, a J.V. runner, filled in on the Varsity team a few times and did a good job.

Coach Alex Bravo supervises the practices and under his watchful eyes he accomplishes the feat of turning out some fine runners.

McCarthy top, and Gardner left, are leading the pack. They won honors by keeping this up.

Fencing Team

Although fencing has been an active sport at HHS for the past 15 years, this year marks its inauguration as a letter sport with full recognition. Fencing bears the distinction of being the only sport that is coed with the girls' teams holding equal status with the boys' teams. The fencing season runs through the entire year and as of February, the teams have racked up 2 bronze medals, 3 silver, and one gold in competition.

The surrounding pictures show our fencers in action at the Western Scholastic Fencing Championships at Santa Monica High School.

* Ocean League Game
+ C.I.F. Game

This curious world which we inhabit is more wonderful than it is convenient; more beautiful than it is useful; it is more to be admired and enjoyed than used. The order of things should be somewhat reversed; the seventh should be man's day of toil, wherein to earn his living by the sweat of his brow; and the other six his Sabbath of the affections and the soul,—in which to range this widespread garden, and drink in the soft influences and sublime revelations of Nature.

The frustrations and tensions of putting this yearbook together are nothing compared to the joy of seeing a finished product well done. The work was hard but worth it. Though my staff thought me a slavemaster at times, without them this book could not exist. I personally thank Don Hergert, Bob Abraham, Patti Allen, Lila DiTomaso, Cheryl Levis, Dori Juif, Kay Downing, Dave Purchase and Carolyn Bernal for putting up with me and for accomplishing their tasks.

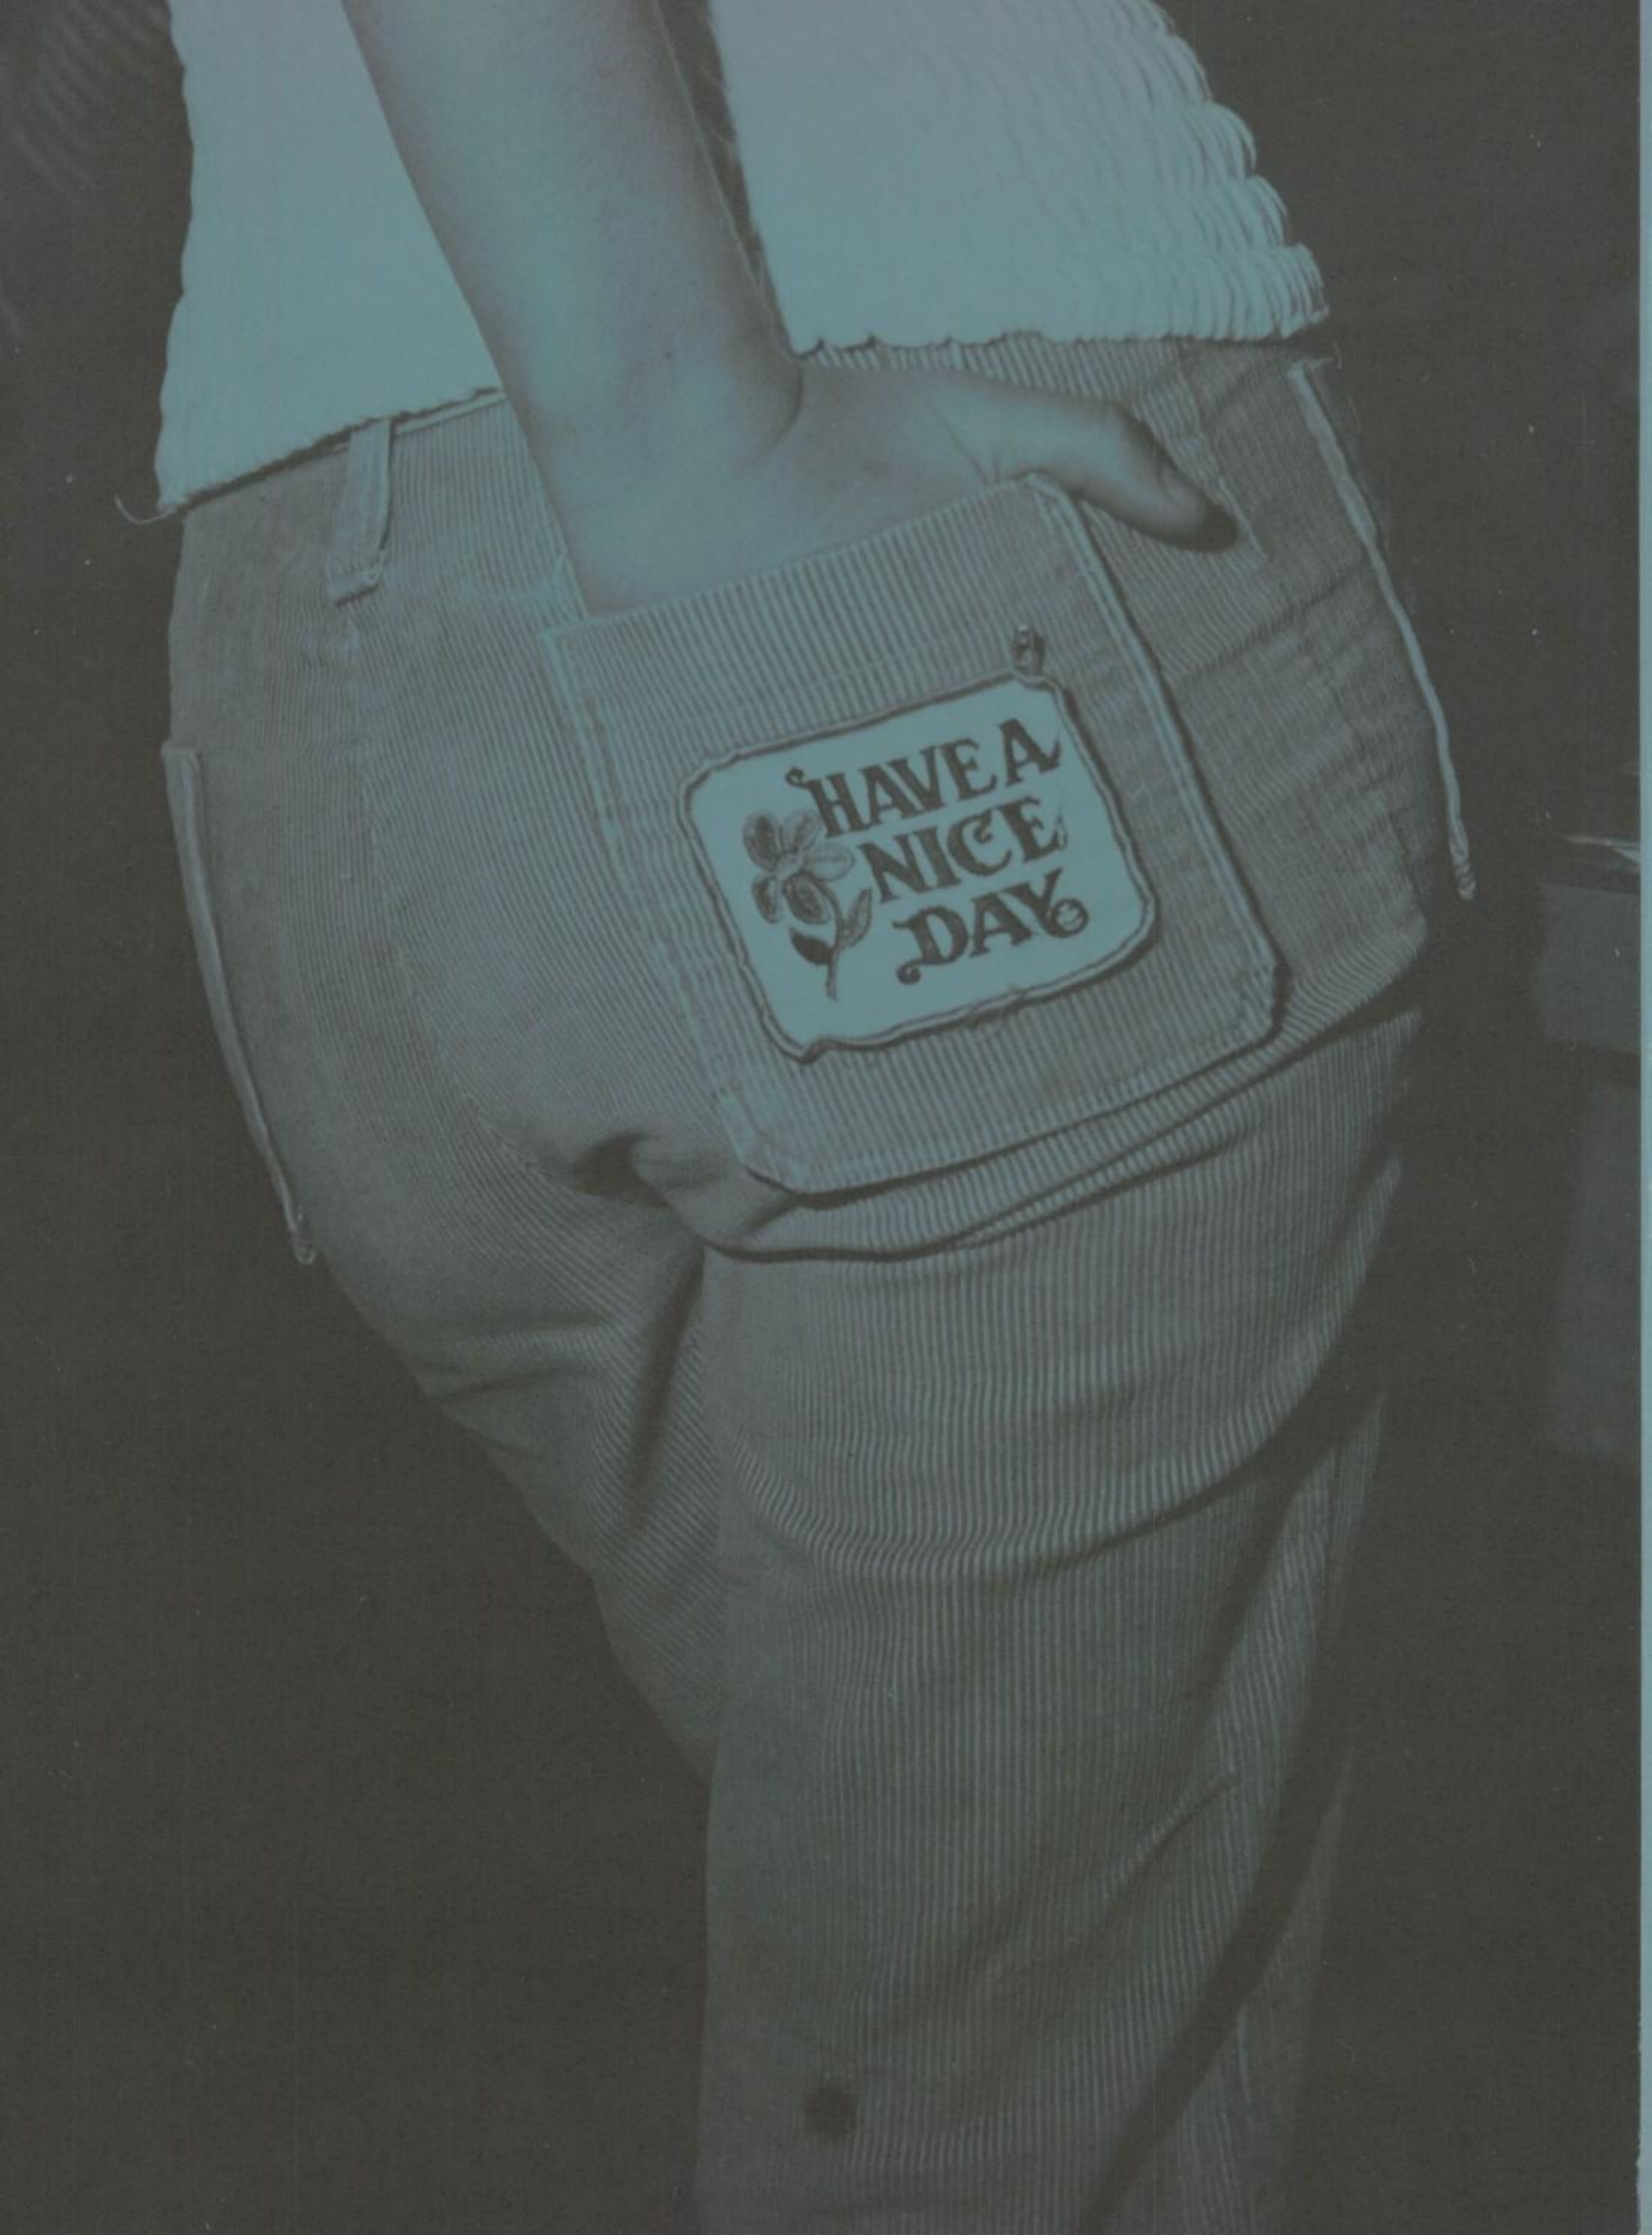

In addition I thank Mr. Russell Wing for helping us get unusual pictures and quick service; Mr. Larry Humphrey of Pischel Yearbook Company for guiding the staff with his slides and talks last Fall, and for his treat to us at the Red Onion after our cover company tour; Sanford Studio for their photography work, and especially for their support of our Victory Queen candidate, Brigitte Ambrust, who won the top honors--

And speaking for the whole staff, I especially thank Mr. Atkins, our advisor, for keeping us on the right track through thick and thin. Without him we could not have operated so smoothly.

Sincerely,

Perry Cohen
